

Product Information

Product: POWER SPRAY

Type: 6-litre Portable Liquid Chemical Fire Extinguisher

Application: A new portable fire extinguisher designed for use on COOKING OIL

Features:

- Compact, award winning design
- Long discharge hose with controlled discharge
- Effective spray application
- Ergonomic design
- Fully automatic operation
- High performance

Benefits:

- Effective fire fighting performance
- Minimum space required
- Rapid deployment
- Easy product training
- Knockdown performance of powder, applied like foam
- Saves time/money

Fully automatic operation.

Technical Data

Model	Capacity	Type	Weight of charged extinguisher	Extinguishing agent	Volume of extinguishing agent	Working pressure	Discharge Times	Range of jet horizontal	Temperature range	Height mm	Width mm	Depth mm
F6 AL Auto	6 litre	Cartridge	11kg	6 l RC 50	6 litre	14 bar	>45 sec.	4-6m	-0°C to +60°C	568	216	183

THESE EXTINGUISHERS are generally suitable for class A fires caused by the combustion of solid materials, mainly of organic origin, such as: wood, paper, straw, textiles, coal etc. Also suitable for the new class F fires for use on cooking oil. This extinguisher has passed the electrical conductivity test at 35kv.
