

Product Information

Product: **Stored Pressure Water Extinguisher**

Type: **9-litre Water Extinguisher**

Application: General-purpose extinguisher. Typical applications can be found in hospitals, supermarkets, hotels, public places, restaurants, industrial units and many others.

Features:

- Torque free
- Controlled discharge operation
- High quality epoxy resin finish (weather resistant)
- Fully BS-EN3:1996 certified
- Unique 'Y' bracket
- Quality lining
- Visual pressure gauge

Benefits:

- Effective fire fighting performance
- Minimum space required
- Rapid deployment
- Easy product training
- Quality at the right price

Technical Data

Model	Capacity	Type	Weight of charged extinguisher	Extinguishing agent	Volume of extinguishing agent	Working pressure	Discharge Times	Range of jet horizontal	Temperature range	Height mm	Width mm	Depth mm
W9DN	9 litre	Stored pressure	14.3 kg	Water	9 litre	7 bar	60 sec.	7-8m	-0°C to +60°C	620	280	200

May be subject to technical change

THESE EXTINGUISHERS are generally suitable for class A fires caused by the combustion of solid materials, mainly of organic origin, such as: wood, paper, straw, textiles, coal etc. Also suitable for the new class F fires for use on cooking oil. This extinguisher has passed the electrical conductivity test at 35kv.
